A new Home2 Suites by Hilton hotel has opened in East Central El Paso, the company reported Friday.

The 111-room hotel is located at 6308 Montana Avenue and Airport Road, about a mile from El Paso International Airport.

The Home2 Suites brand was launched by Hilton Worldwide in 2009. It now has almost 70 hotels, according to a Hilton fact sheet. It's the first new brand launched by Hilton in 20 years.

The new El Paso hotel is managed by Vista Host, a Houston-based hotel management

company. Luis Piña is the hotel's general manager. He previously worked several years for TMI Hospitality, a Fargo, N.D., based hotel development and management company, which manages 189 hotels in 26 states, according to Piña's LinkedIn profile.
